I am an extraterrestrial nonartist
from the earth.I escaped away from
total-art-suicide which was forced
by two world-art-powers in 1984.
I wandered about years in space
& i was very glad when your Neoplanet
adopted me as a son.I want to enjoy
life here and take part in its creation.
on earth,i saw how life can be
destroyed by despotism-art,censorship-
art,egoism-art,terror-art.
I saw the free-human-will die out,
& how people become impotent puppets,
rags,machine-artists.
I will never forget my cannibal-patrons
who wanted to wash my brain with art &
kill all my human sentiments for ever.
I came here to start a new life,
participate in the social-ritual-events
of neoplanet;communicate,exchange ideas,
make together a creative world.
You are lovely poeple who never heard
about war-artists.Your life is to make
love,bring up children,sing from the
sexual organs,talk about everyday life
with impunity,without restrictions,
openly.this is the first time I see the
embodiment of human freedom and
kindness.
I would like to thank you for having
saved my life from the artists'talon
and i want to devot my life on your
happy neoplanet.
here is something in my hand,my only
souvenir from the earth.Look at it,
this is the most famous art object
from the earth.
fuck art.

Ya Bananas!

(AUTRE CHOSE)

please keep informing us!

COLUMBUS/CAVELLINI DAY PARADE For several years, Banana Productions has organized "novelty unit" entries in the Columbus Day Parade in San Francisco, receiving the 2nd and 3rd prize trophies 2 years in a row. Our entry usually consists of 40-60 costumed participants and two decorated vehicles to carry the 10-15 cases of bananas we pass out along the parade route.

This year we have a special occasion to celebrate, and so are beginning now with plans for the parade. The occasion? A visit to San Francisco by G.A. Cavellini, Italian artist extraordinaire, and we hereby invite all artists near or far, who think they would like to participate in this event to let me know of your intention, so when the time comes for me to submit an entry form, I have a good idea of how many people and vehicles to list.

Our theme this year will be "Cavellini goes bananas", and hopefully we'll have Cavellini stickers to pass out along the parade route as well as bananas. Around the beginning of September, we will be having work parties to construct Cavellini costumes, based on the design of his stickers, so if you can help with this work, please let me know, and I'll contact you when we are ready to start work.

The Columbus Day Parade will take place on Sunday, October 7th, so keep that date open for this occasion. Also, I'm asking GAC to send a schedule of his trip to San Francisco and the USA, so perhaps there will be time for other events that some of you might wish to organize on his behalf. He also mentioned in his last letter that he would like to have a film (super 8) made of our parade entry, and persons interested in this project should contact me, or GAC directly with your proposals.

Greetings from You Will Not Remember Slumber World - Good to get you letter and know you're feeling better! Actually, to be quite honest, the danger with David's romance is not that Ruth may shoot the love next up - no, the danger is that he has to keep upping the ante to feel it and may have given up on love altogether....so I'm overdramatizing situation a bit, because if somebody doesn't then he'll have trouble feeling it really happened, he is so detatched from his feelings by his giant brain. (Just between us.)

Here you'll see my work for NEO ISM!! Ask anybody and they're likely to say, "Sure, I remember the late & great Sal Mineo!" Try it - ask next 10 people you meet, and tell me how many remember. Those who don't remember, say to them, "You jackyl! How quick you forget!" and spit on their shoe, etc. SalMINEOISM of terminal loutism.

We're looking forward to your next visit to Portland. If you need place to flop, you're welcome to stay here. Should be able to get something up, here, Eugene, where ever we congregate and spit on their pointed shoes in HIS memory

The RED SUPPER

During the Super-Official Manifestation of NEOISM, which took place at Vehicule on June 3, an unintentional accident occured in which Lion Lazer fell of a piano and injured his hand. the plaster cast was removed from his right ~~xxxx~~forearm on june 28, and, two days later the Red Supper was held in celebration of the removal of the cast.

as each person attending the ceremony came to the antrance of the large gallery, he or she was handed a paper napkin inscribed with the name and date of the Red Supper as well as a copy of "the NEO", the Neoist magazin's first issue.

Inside the gallery, the Emergency new-wave band was playing ritualddins to a drumbox's automatic tempo. the wall was covered with an enormous red sign which proclaimed " S O C I A L R E S T A U R A N T "

On a cross-shaped table in the middle of the gallery lay the naked body of Lion Lazer. at his head was a video monitor showing whatever was taking place at the Giovanni, a restaurant near Vehicule Art. At his feet was red wine and a loaf of bread. surrounding the cross-table were 12 chairs.

Monty Cantsin came into the gallery ffrom the street, accompanied by three girls. one girl? was dressed in silver plastic coveralls and wore a mask with the likeness of Monty, one wore a white nurse's uniform and Jimmy Carter mask, and the third was a violinist with a violent appearance. the silver costumed Michele Febvre began to dance to the electric-noise of the Emergency.

Monty put a yellow functioninggg vibrator on the floor and then took a red pot and began to mix the ingredients of the INTERNATIONAL POSTAL ART SOUP. this was a soup composed of the various "edible material" sent to Monty Cantsin through the Mail Art Network.

As the dancer in the Monty Cantsin mask continued to dance at an unimaginable speed, Monty continued to mix the marvel-soup until it was finally ready to be cooked.

Monty Cantsin had fashioned "the Cap of the Prophet" with 7 faces looking outwards on all sides -symbolic of his omnipresence. He placed it over his head and sat down on a swivel chair, in such a way that he was sitting directly beneath the pot of soup. He disrobed the dancer and she sat on Monty Cantsin's lap with her legs entwined around his body. The two of them proceeded to swivel around the chair. As they swivelled around, the dancer took a lighter and set the top of Monty Cantsim's head alight.

During this action Jean Brisson, the Emergency's singer, recited the following text by Monty Cantsin:

you lunatics of real utopias/we are all here, it's not fiction/you lovers of self-delusion/I make you believe miracles/you elegant slaves of art/I give you to eat and drink/ you wonderful artists of murder/I put my blood in the soup/you victims of future times/ I celebrate your life and death/you divine creatures of the earth/you are my guests tonight

When the fire went out, the dancer and Monty arose from the chair. The Band ceased to play and was replaced by the music of the violinist Nathalie Potvin.

Monty Cantsin went to the rear of the gallery where there was seated the nurse who bore an amazing resemblance to Jimmy Carter. →

He sat down,and the nurse Jimmy Carter proceeded to collect two vials full of his blood.While this was beimg done,the dancer climbed up on the body of Li on Lazer and began to perform fantastic gyrations. Monty recited a text about Neoism until the blood had been collected.
He then took the two vials full of his own blood and walked over to the pot of I.P.A. Soup.He poured one vial of the blood into the soup.He then took a cupful of soup and proceeded with the cup of soup and the other vial of blood towards Lion Lazer's body.On arriving at the body, he annointed it with the soup. He then poured the blood imto hiss own mouth and kissed the lips of Lion Lazer,allowing the blood to flow into Lion's mouth.Lazer began to slowly sit up -the blood dripping from his mouth.He arose from the table,sprinkled a bottle of wine,and threw bits of bread to the people.He then made his way to the barrier(composed of a piano,a manniken,and a sheet with the word "NEOISM" written it).He removed the barrier which hitherto closed of another room from the large gallery and led the assembled throng into the darkened room.

photo FRANKE KENNID

In the room there was a colour video screen which showed several signs inscribed with the word "neoism" seen in the midst of a fire,somebody killing someone in the street with a revolver fired trough a window, the fire again,a scene of mutilatiom,and then the fire again and again... On top of the video screen stood the naked dancer,and it appeared as if she was burning in the fire.
and from a small skylight on the ceiling,from an unearthly object which hovered above the skylight strange lights and voices came into this room. From the lighted object -UFO- were heard two voices,one speaking in an unknown?langauge and the other repeating in english:

"I am Monty Cantsin -an extraterrestrial nonartist from the Earth. I escaped away from a total-art-suicide which was forced by the two world-art-powers in 1984.I wandered about for years in space and I was very glad when your NEOPLANET adopted me as a son....."On Earth I saw how life can be destroyed by despotism-art,cenzorship-art... "here is something in my hand - my only souvenir from the Earth.Look at it.This is the most famous art object of the Earth."

No sooner was this said than something came hurtling downwards through the skylight into the gallery below.it was a pistol.
"FUCK ART" screamed the voice. The object slowly rose from the skylight and began to move about until at last it was lost from the view.

The first time I gave blood was in the fall of 1964. It was in the third-floor ballroom of the old McGill University Student Union Building on Sherbrooke St. (presently the McCord Museum). About a dozen beds had been laid out on the ballroom floor for the blood donors, and it was there that I parted with my first pint of blood. It was a singularly uneventful event. HALLOWMASS

It was the eve of HALLOWMASS.In olden times,it used to be known as the eve of SAMHAIN,when the p h y s i c a l w o r l d and the s p i r i t w o r l d opened up to each other and the DEAD walked the face of the EARTH.This time,it was the date of the NEOISTS' Hallowmass Supper.

The ceremony had originally been scheduled to take place on October 27 at the Optica Gallery.However,the Optica board of directors had suddenly decided that the performance did not suit the aims of their gallery,and had cancelled it.The Supper was therefore held on October 31 on the second floor of the MOTIVATION 5 Gallery.

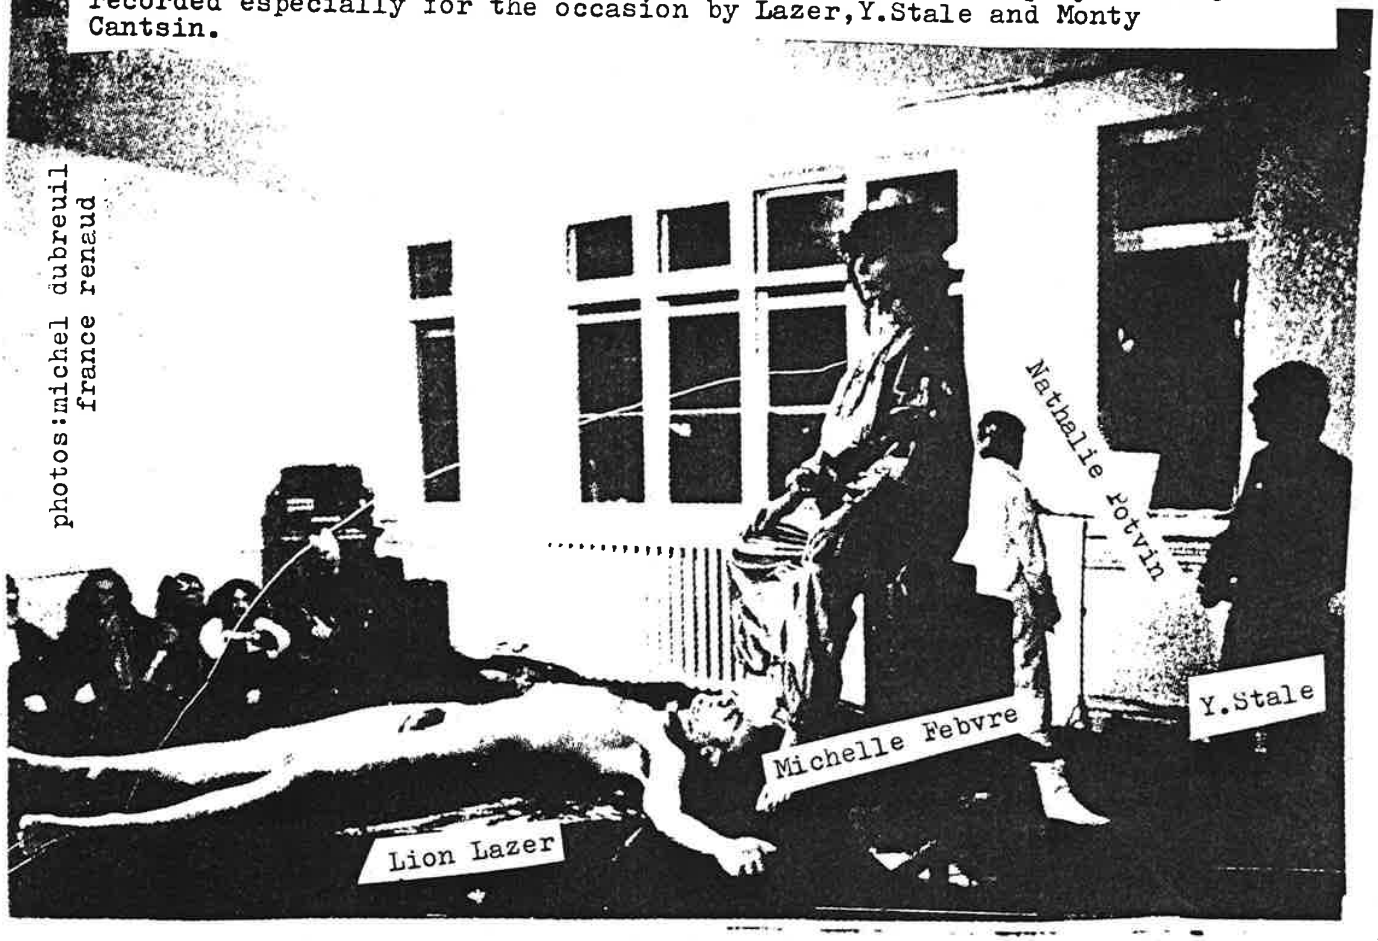
SUPPER

description by Frater Neo

The room where the ceremony was held was long and narrow and had walls painted white.At one end was hung a GOLD COOKING POT.At the other,there was a black,cross-shaped table with a bottle of GOLD-coloured WINE,a loaf of bread,and a TV monitor on it.The window behind the table was partly covered by a black plastic curtain.Along the wall,about half-way between the table and the cooking pot,there were two chairs.A person wearing a Jimmy Carter mask sat in one of the chairs.The other chair was empty,and had a sign bearing the word "NEOISM" placed above it.The room was full of people,many of whom were strangely-costumed in celebration of Hallowe'en.

The performance began at midnight.Lion Lazer walked over the cross-shaped table and turned on the TV monitor.The TV screen showed a fire which pulsated with varying rhythms.Burning in the flames was a sign with the word "NEOISM" inscribed on it.After turning on the TV,Lazer turned on a tape recorder which played music recorded especially for the occasion by Lazer,Y.Stale and Monty Cantsin.



Lazer began to remove his clothing.When he was completely naked,he put a belt around his neck,climbed up onto the cross-shaped table,and stood up on it.In imitation of the act of SUICIDE,he began to choke his neck with the belt.He fell down onto the table.

A person wearing silver plastic coveralls and Lion Lazer facemask suddenly came into the room and started to dance around the table. The dancer went to the window behind the table and pulled down the black curtain,revealing a strange,motionless person with a human/non-human/extraterrestrial appearance,who was dressed in bright-coloured plastic clothing and GOLD eyeglasses.This strange figure lifted up his left hand,which was made of GOLD,and made the PAPAL SIGN of BENEDICTION.He then lifted up his RED right hand and moved it across his neck with a SAWING MOTION.He then jumped down into the room and proceeded to walk around the room with a mechanical stride.

He then went over to the golden cooking pot and started to make the "WORLD PHANTOM SOUP for ETERNAL IMMORTALITY or TOTAL SUICIDE", using i n g r e d i e n t s sent by international artists from the USA,Canada,Holland,Jugoslavia,Germany,Australia...

COLOUR DOCUMENTARY VIDEO OF THE SUPPER IS AVAILABLE
THROUGH VIDEO VEHICULE,307 St.Catherine west,Montreal

The dancer(Michelle Febvre) approached the extraterrestrial man (Monty Cantsin).Taking a pair of scissors,she cut off the fingers his golden left hand and placed them in the soup.The music of the tape recorder was gradually replaced by that of a violinist and a saxaphonist(Nathalie Potvin and Y.Stale).Michelle then lifted up Monty's red right hand and set the fingers on fire.This fire was used to ignite the soup.

Michelle then went to the table and danced over and around the body of Lazer.She was joined by a man who spontaneously jumped up from the audiance and proceeded to dance along with her.

The dancer climbed up onto the TV monitor and sat on top of it with the screen between her legs.The flames on the screen continued to shoot forth between her legs.After sitting there for a few minutes,she descended and went over to the pot of "World Phantom Soup".

Monty Cantsin picked up his space helmet,with seven faces looking outwards on all sides,and placed it over his head.He sat down in a swivel chair,in such a way that he was sitting directly beneath the pot of soup.

He disrobed the dancer,and she sat on his lap with her legs entwined around his body.The two of them proceeded to swivel around in the chair.As they swivelled around,the dancer took a lighter and set the top of the extraterrestrial man's space helmet alight.

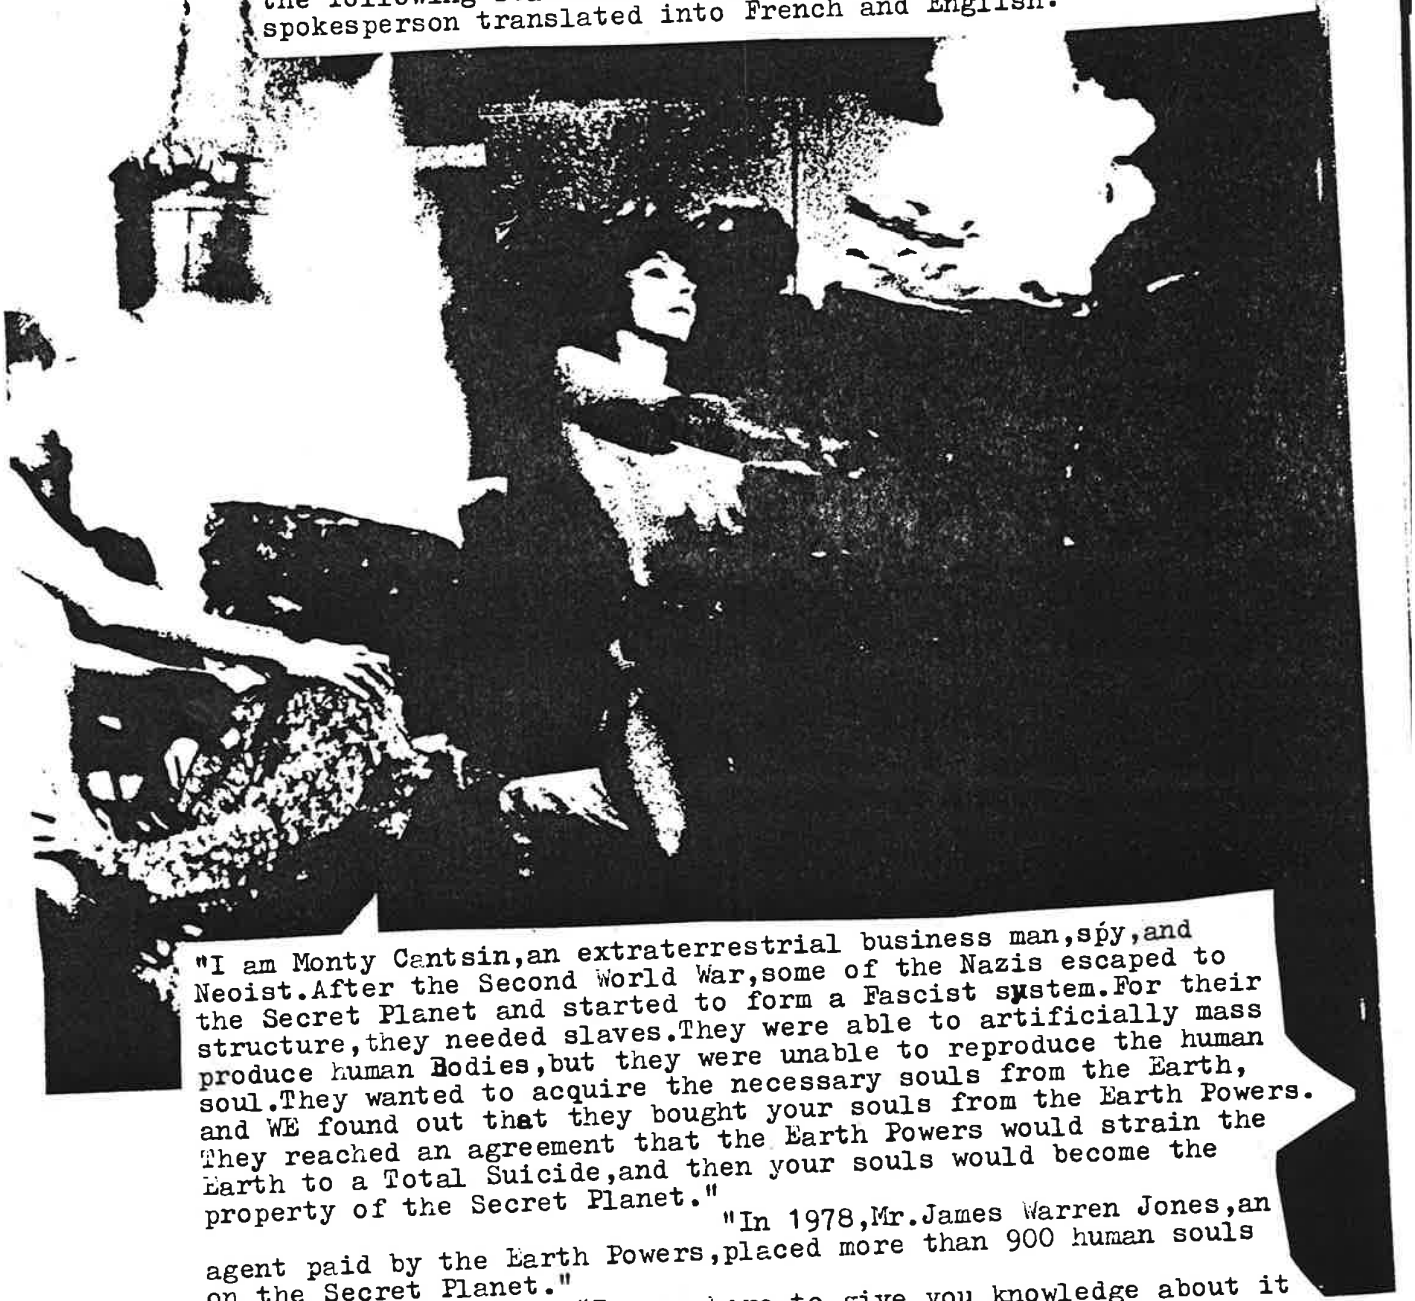
mortality.

THIS FIRE BEGAN TO COOK THE POT OF SOUP HANGING ABOVE HIM.

When the fire had gone out, the dancer and extraterrestrial man arose from the chair. The dancer proceeded to gyrate around the room. The man went over to the chair with the "neoism" sign above it and sat down in it. At this point, he made the following statement in an EXTRATERRESTRIAL LANGUAGE, which a spokesperson translated into French and English:



"I am Monty Cantsin, an extraterrestrial business man, spy, and Neoist. After the Second World War, some of the Nazis escaped to the Secret Planet and started to form a Fascist system. For their structure, they needed slaves. They were able to artificially mass produce human Bodies, but they were unable to reproduce the human soul. They wanted to acquire the necessary souls from the Earth, and WE found out that they bought your souls from the Earth Powers. They reached an agreement that the Earth Powers would strain the Earth to a Total Suicide, and then your souls would become the property of the Secret Planet."

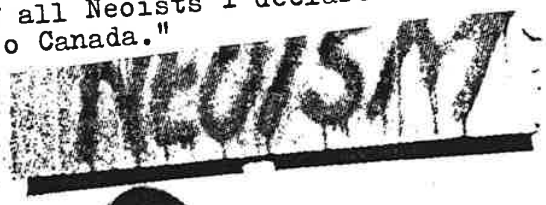
"In 1978, Mr. James Warren Jones, an agent paid by the Earth Powers, placed more than 900 human souls on the Secret Planet."

"I came here to give you knowledge about it and to give you the chance to make the choice: TOTAL SUICIDE or ETERNAL IMMORTALITY on the Earth. I f you wish the second alternative, I offer you a way out."

"Ladies and Gentlemen, while the nurse is taking my blood, I would like to ask you to participate in our Clollective Loto Canada program and give us your money to buy Loto Canada tickets. Please write your name and address on the

special form that we give you,and later you will be informed about any prizes won.

"We Neoists,as do other people in the world from Russia to USA believe in the Power of Loto,particularly in Loto Canada,and we all confess that it is the only way to save the Earth from its destruction,and to buy back the souls of the people from the Earth Powers.Thank you for your contributions,and in the name of all Neoists I declare that we love you,and that we are for Loto Canada."



While this statement had been made,the person wearing the Jimmy Carter mask proceeded to collect two vials full of the extraterrestrial man's blood.

An attempt was made to collect money to purchase Loto Canada tickets,but without any success.

The tape recorder was turned on again,and the music recommenced.Monty Cantsin approached the pot of soup,carrying the two vilas full of his blood.He poured one vial of the blood into the soup,and poured the rest into his mouth.He walked over to the prone Lion Lazer and kissed him on the lips,allowing the blood in his mouth to flow into the mouth of Lazer.Lazer began to slowly rose and stood up on the cross-shaped table - the blood dripping from his mouth.He bent down and picked up the loaf of bread at his feet.

"This is my body.Eat it!!!" he screamed,as he broke the bread into several pieces and hurled them down onto the floor.As he did so,<u>coins</u> that had been baked into the bread scattered all over the place.

He then picked up the bottle of golden wine."This is my blood.Drink it!!!" he screamed,as he uncorked the bottle and sprinkled the golden wine all over the assembled throng.

He descended from the table and left the hall, along with the other participants,thus ending the Supper of Blood and Gold.

The Theological Basis of the Red Supper

When you sit down to this Red Supper, you are not just having another meal. You are in fact symbolically partaking of the body and blood of Monty Cantsin. The supper itself represents the body; the red colour represents the blood.

During his Concerto performance on February 14, 1979, as well as on several subsequent occasions, Monty Cantsin became a sacrificial victim. The method of execution was not a cross or a Sacred Oak, but rather a gun: as much a symbol of this era as the Sacred Oak and the Cross were of theirs.

Traditionally, the Druid sun god was ceremonially sacrificed on the summer solistice. As June 30 comes only a week after the summer solistice, it is therefore an appropriate date on which to celebrate the ritual sacrifice of Monty Cantsin.

There may be some among you who wonder why such a solemn event as a ritual sacrifice should be treated as a cause for celebration. But remember that a sacrifice is only the first step towards a ressurection. And like all the other sacrificial victims, Monty Cantsin will ultimately be resurrected.
